

Oak class

I hope that you have all had a good learning week at home and have enjoyed that hot weather. Thank you for the photos of home learning that were sent to me this week, as always it is lovely to see what you have been doing.

Included is a selection of photos from year 6 too as they like to see their work on the weekly photo montage and see what their friends are doing at home too.

Mrs Cox.

This week in school we went into the woodland area to create our own 'nature art' after being inspired by Andy Goldsworthy's work.

Kirby has created a great looking maths game along with a clear set of instructions. It looks so beautifully presented that I can't wait to play it!

Alfie told us this week about his pond dipping – look at what he found!

Brilliant pop art by Sam, inspired by Andy Warhol. So bright and colourful. Who would have thought that a sock could be so interesting!

Alfie has also created a brilliant pop art picture. Well done Alfie – were you inspired by the fish in your pond?
