Kit...

- Its worth pointing out that a week from home in the mountains is allot of fun and when having this style of fun what you are wearing does not matter as long as you are warm well fed and relatively dry.
- Real Adventure will provide everyone with the technical equipment that is required for each activity and where need, we have waterproofs jackets and trousers, day rucksacks, water bottles, really warm jumpers, walking boots, wellies and a few spare hats and gloves for those who forget or don't have their own.
- The kit for your time with us is best if it is pack by the person who is going to be using it, that way there is a greater chance of clothing returning home, name badges help with this too.
