

Monday 11<sup>th</sup> March 2019

Topic this term: Traditional Tales - The Magic Porridge Pot

Dear Parents / Carers

**We will be:**

- Carrying out a variety of science experiments as part of British Science week.
- Looking at our teeth and talking about why it is important to keep them clean.
- Investigating capacity, using the words 'full, empty and half full'.
- Acting out and retelling the story of The Magic Porridge Pot in our own words.
- Using paper mache to make a porridge bowl.
- Using our sense of taste to guess different flavours and say which we like the best.

This week we are also taking part in National Science week. We will be doing lots of experiments and investigations linked to our topic. On Friday morning we will join the rest of the school for a science fair.

We will be getting through a large quantity of porridge next week, if anyone can spare a bag for both our play experiences and experiments we would be very grateful. It doesn't need to be in date.

Dates for the Diary -

Monday 11<sup>th</sup> March - 5 year old dental checks.

Friday 15<sup>th</sup> March - Red Nose Day.

---

Thank you from Miss Fairey and Mrs Cranage
