

Dear Parents,

Our focus this term is – **People Who Help Us – Doctors**

For the week beginning **Monday 22nd January 2023**

We will be:

Maths: Compare and explore capacity and mass. Find a balance.

Talking about our bodies; naming body parts outside and inside the body.

Finding ways to keep our bodies healthy.

Talking about medicines, why we need them and how to keep safe when using them.

Creating our own medicines at the Acorn pharmacy and writing labels.

On Friday we will be walking to the church as part of our RE lesson. We are thinking about 'Special Places' and looking at the features of a church. We will be greeted by our Chair of Governors, Pauline Cameron, who is going to give us a special guided tour of the inside of the church.

Reading: The children are making very good progress since starting the new 'red group' books. Please look out for a letter this week informing you about Read Write Inc and reading at home.

Family Challenge- It is time to start thinking about our next challenge linked to our topic 'People Who Help Us'. Please bring in your challenges on the last week of term, week beginning Monday 12th February. Here are a list of ideas you might like to do as a family about some of the people who help us (eg. Firefighters, Police, Doctors/Nurses, Vets, Paramedics, Teachers, Refuse collectors):

Write/draw a story

Paint/draw or collage a picture of people who help us

Junk modelling – emergency vehicles

Create a fact sheet using photos, drawings and labels.

Write/draw about a time you visited somebody who helped you.

Kind regards, Miss Fairey and Mrs Dennis
